

Alleviating Chronic Conditions with Conscious Awareness

– Mas Sajady

In this fascinating talk, discover the secret to how Mas works, and how he can help empower you to get to the root cause of any chronic conditions you may have, through Conscious Awareness.

Following two Near-Death Experiences, Mas was gifted with the ability to see and access the core issues underlying an individual's life challenges, and to help remove these issues at a divine blueprint or frequency level, to bring about more rapid change at a physical level.

Although the results are at times seemingly unbelievable, Mas doesn't heal you - he simply helps you awaken your own abilities to heal yourself and transform your own life.

There is no 'chance meeting'. If something is stirring within you then join Mas, feel the frequency and discover the truth about Yourself.

Please note: Mas Sajady is not a doctor, so please consult a health professional before modifying any medical treatment.
